ⁱ **Brain Disease - Public Understanding.** Baseline and benchmark were developed by our former marketing firm. Currently determining how we will take measurements in the future.

Baseline: 59.64%

Benchmark: 64.9% ± 4.23%

ABF - Public Awareness. Baseline and benchmark were developed by our former marketing firm. Currently determining how we will take measurements in the future.

Baseline: 3.27%

Benchmark: 6.33% ± 2.15%

ⁱⁱ **Targets were developed from traffic on former website during FY 2016.**

ⁱⁱⁱ **ABF - AAN Awareness.** Baseline and benchmark were developed from Insights Study of AAN members in 2016 during strategic planning. We are planning to have the study updated in early 2018 so that we can compare 2016 and 2017.

Baseline: 77%

Benchmark: 80.29% ± 2.62%

^{iv} The threshold number was suggested to us by the Academy when the ABF took over a portion of CRTS fundraising. Staff is currently instructed to not add new CRTS's unless they are paid for fully, with indirect costs, by other organizations. This is in conflict with the goals we set for 2017.
